

PRESENTLY PUPPETS

Issue #1 – 13 April, 2020

You know them, you love them.

Founded in 1983 by a merry band of artists, Shadowland Theatre is Toronto Island's premier theatre company! They've won three Dora Mavor Moore awards for Outstanding Costume Design and were voted Best Grassroots Theatre by Toronto's NOW magazine. Led by fearless Artistic Directors, Anne Barber and Brad Harley, Shadowland continues to provide high-energy community theatre and programming to Toronto Island, the city and the country beyond.

Over the last 37 years, Shadowland has crafted a plethora of theatrical experiences, and you can see so many of them right here in your homes! Click the icons in the next column to watch.

Shadowland Theatre continues to craft and create and, as you may have guessed, we're also the ones behind this weekly zine! We're so lucky to have such a wonderful community (you guys) supporting us in these strange times.

So, write us back! Let us know:

- What was your favourite moment from this week's videos?
- What was the first Shadowland show that you were in?

See you next week!
